

JOB OFFER

Anti-human trafficking organisation 'Vita Nova' in the Czech Republic is currently looking for a female individual that can serve in our future shelter as:

PSYCHOLOGIST (female)

About 'Vita Nova'

'Vita Nova' is an official foundation, legally based in The Netherlands, but working in the Czech Republic. 'Vita Nova' is in the process of setting up a shelter for women (with children) who have been sexually exploited. We are looking for a psychologist who loves to pioneer with us.

Future job description

A psychologist does consultations with the women twice a week. The ultimate goal is to help the women find ways to deal with their traumas. The psychologist gives training and advice to the other staff and works under the supervision of the social worker who is part of the leadership team as programme director. It is not necessary for the psychologist to live on or close to the premises, but should be able to come two days a week. It is not possible for the psychologist to combine this job with being a house mother or parent.

Current job description

We would love to meet you and discuss your desire to be part of our mission. If you aren't Czech and don't live in the Czech Republic we want you to involve in our training programme, study Czech and get acquainted with Czech culture. If you are Czech or living in the Czech Republic for more than 5 years you only have to follow our training programme. Although you cannot be part of the leadership team, we will build our organisation together with you, because we need your network and expertise. This vacancy is currently unpaid. You need to set up some fundraising or be willing to look for a (part-time) job. We are working towards a paid position.

What we offer:

- (if you aren't Czech) help with all your paperwork (get your temporary stay, get involved in the healthcare system etc.)
- help with finding a place to live, but if you are Czech or are already living in the Czech Republic as a foreigner, you can stay where you are until the shelter is purchased and renovated. Depending on where you live, you may need to move to live closer to the shelter.
- help you set up a new life (e.g. find a church, find a job, find a school for your children)
- a small, but enthusiastic team that has experienced a strong calling for this work. We would love to share our challenge with you and be empowered by your skills and knowledge.

What we require:

- a personal and spiritually mature relationship with God, Jesus and the Holy Spirit
- be willing to provide us with three references (e.g. pastor, close friend and a colleague)
- at least a bachelor degree in psychology
- be reliable and persevering
- be willing to stay long-term
- be willing to travel once (and stay overnight) or twice a week to our shelter
- to keep records of your consultations
- be able to maintain a structured and accountable organization
- willing to undergo AHT (anti-human trafficking) training
- be able to speak English (at least C1). (A bit of) Czech would be a huge advantage as well as some German.
